Purpose and Goals of CFSA 2.0 Community

Purpose of Community:

Provide a forum to share experiences and stories, brainstorm stumbling blocks to practice, grow confidence, and build synergy for CFSA 2.0 users

Goals of Community:

- Develop peer-to-peer connections to learn innovative ideas that can help solve everyday problems as you use the CFSA 2.0
- Share knowledge, how to assess its value and how to disseminate good ideas to the larger community to improve practice
- Practice new skills learned during training
- Access tools through an easily navigated repository

Benefits and Expectations of Community

Benefits of Community:

- Gaining new insights and solutions to improve practice
- Develop peer connections and relationships
- Help peers and make a mark on the field

Expectations of Community:

- Regular attendance, as much as possible
- Active listening to understand challenges and solutions shared by other members
- Share your stories to describe new insights, skills or solution to common problems
- Connect with peers one-on-one to seek, or share, solutions to similar issues

Community Activities

Identify Hot Topics

- Community will identify hot topics as we continue to meet; initial topics include:
 - How to introduce the benefits of Family Development and CFSA 2.0 with families
 - Utilizing Motivational Interviewing techniques while administering the CFSA 2.0
 - How to help families prioritize achievable goals
 - How to discuss domains of the CFSA 2.0 that are uncomfortable

Sharing stories, ideas, insights and practices with peers

- Members will share their stories of finding successful solutions to hot topic issues

Link members with similar issues

- The Community Coordinators will help link members that share similar issues with each other

Document solutions and organize helpful tools

- An easy to navigate repository will be created for success stories, helpful tools and other documents generated during Community sharing

Community Meeting Format

Identifying Hot Topics

Sharing your Stories

1. Sharing ideas, insights, practices and tools that provide solutions to common issues faced by community members
2. Stories should include:
 - A. What did your center do to create a solution?
 - B. What resources did you produce?
 - C. How were those resources applied to get results?
 - D. Were there any outcomes from your solution that could be measured?

Practicing solutions presented through stories

Please share the most pressing topics related to administering the CFSA2.0 you'd like to see the Community address in the chat box.

Do the Community goals, benefits and meeting format fit with your hopes of what the Community can bring to your own work with the CFSA 2.0?

Next Meeting
